AUTOCRACY IS ENDED

EMPEROR OF RUSSIA FOREVER
ENDS RULE OF ABSOLUTISM
IN HIS COUNTRY.

GRANTS PEOPLE'S DEMANDS

AUTOCRAT OF ALL THE RUSSIAS
HAS IRREVOCABLY BOWED
TO THE INEVITABLE.

WITTE ASSUMES HEAVY TASK

FORMER PEACE ENVOY HAS BEEN
APPOINTED PREMIER BY THE
RUSSIAN RULER.

St. Petersburg, Oct. 31.—"I am sure
the American people, who understand
what freedom is, and the American
press, which voices the wishes of the
people, will rejoice with the friendly
Russian nation at this moment when
the Russian people have received from
his imperial majesty the promises and
guarantees of freedom and will join in
the hope that the Russian people will
wisely aid in the realization of those
liberties by co-operating with the gov-
ernment. Only thus will it be possi-
ble to secure the full benefits of the
freedom conferred upon the people."

Count Witte, Russia's first premier,
during the evening sent the above mes-
sage to the American people through
the Associated Press. He had just ar-
rived at his residence from Peterhof,
where the emperor two hours before
had given his final approval to a man-
ifesto and to a programme which will
forever end the rule of absolutism ex-
ercised by him and his Romanoff an-
cestors for 300 years.

A simple perusal of the manifesto
shows how complete is the emperor's
abdication of his autocratic power.
The very style of the document is
clear and direct and devoid of the
verbose, vague and bombastic phrase-
ology which heretofore has character-
ized his majesty's manifestos. It not
only betrays the real authorship, but
shows that the emperor at last has ir-
revocably bowed to the inevitable. He
does not even conceal the fact that the
discontent and agitation of his subjects
has driven him to take the step and
practically yields everything—civil
liberty, the inviolability of person and
liberty of conscience, speech and as-
sembly.

Promises Universal Suffrage.
He not only converts the farcical im-
perial duma, with only consultative
power, into an absolute legislative as-
sembly without the assent of which no
measure shall become law and before
which all governmental authorities
must answer, but promises eventually
universal suffrage.

The title "autocrat of all the Rus-
sias," with which the manifesto be-
gins, now takes its place with the title
of "king of Jerusalem," borne by the
king of Spain and the emperor of Aus-
tria, and with other obsolete titles of
European sovereigns.

J. Pierpont Morgan, Jr., and George
W. Perkins were with Finance Minis-
ter Kokovsov when the latter re-
ceived the news. It was a dramatic
moment. The minister was called to
the telephone and when he returned
he was greatly agitated, and said:

"Gentlemen, the old order of things
has changed. Russia has a constitu-
tion."

The news spread like wildfire
throughout the city. The revolution-
ists and active agitators generally de-
clared loudly that the government's
promises would no longer suffice and
that the strike must be continued.

In fact, an hour after the news be-
came known, the revolutionists took
occasion to throw the first bomb in St.
Petersburg since the strike be-
gan. The incident occurred near the
polytechnic school, but there was no
fatality. Practically all classes, ex-
cept the Socialists and the extreme
Radicals, however, read the document
with delight and amazement, declar-
ing that it could not fail to rally the
moderates to the support of Count
Witte.

The Irony of Fate.

By the irony of fate, while the strik-
ers are clamoring for a constitution, it
has been impossible to persuade the
striking printers to resume work and
therefore not a single newspaper ex-
cept the Official Messenger will print
the momentous document for dis-
tribution during the day. Arrange-
ments, however, have been made to
placard the manifesto on every dead
wall in the city and the text will be
telegraphed to every city, town and
hamlet with which there is telegraphic
communication. It also has been or-
dered read in all the churches of the
empire.

The foreign embassies were notified

and lights were burning late at night
in the chancelleries, where the news
was being put into cipher. Official no-
tifications will also be sent to the Rus-
sian ambassadors abroad.

The effect throughout Russia is ex-
pected to be instantaneous. While the
extremists threaten an attempt to keep
up the present struggle the best of
opinion is that the backbone of the
strike is broken but in the final analy-
sis the effect will depend on how far
Count Witte will be able to execute

the heavy task which he has assumed.
Some persons high in the government
believe it still will be necessary to use
ball cartridges to suppress the present
movement, but Count Witte appears
confident. He has become the bridge
whereby the people are to cross to con-
stitutionalism.

The count already has tentatively se-
lected the members of his cabinet. He
will himself hold no portfolio. All the
present ministers except those of war,
navy and foreign affairs will be re-
tired. Prince Obolensky, one of the
count's former assistants in the minis-
try of finance, will become minister
of the interior; M. Romanoff, another
former assistant to the minister, will
take the finance portfolio; M. Koni, at
present a senator and Russia's ablest
jurist, will be minister of justice; M.
Krovyoski, president of the St. Peters-
burg municipal council, will take the
ministry of education, and M. Ziegler
von Schaffhausen, chief of the railroad
department of the ministry of finance,
will become minister of ways and com-
munications.

Late at night, after the news got
abroad, crowds began marching up and
down the Nevsky Prospect, singing the
national hymn and hurrahing for lib-
erty. It is significant that the great
searchlight which has been lighting up
the Nevsky Prospect from the admi-
rality tower for three nights was
turned off.

A ludicrous incident occurred at
midnight near the university when
newsboys with extra editions of the
Official Messenger hurried into a
crowd of strikers. The instant the
news became known the strikers
raised an uproarious cheer and the
Cossacks, who were patrolling the
streets, misunderstanding the import
of the demonstration and thinking the
cries were seditious, charged and dis-
persed the workmen with their whips.

At all the fashionable restaurants
wine was drunk in toasting to "Liberty
and the Constitution."

Railroad Strike Ended.

St. Petersburg, Oct. 31.—The strike
has ended on the Moscow and St. Pe-
tersburg, the Moscow and Kazan, and
the Moscow and Archangel railroads.

THE ATTITUDE OF GERMANY.

**Set Forth in Regard to Trade Agree-
ment With the United States.**

Berlin, Oct. 31.—Baron Speck von
Sternberg, the German ambassador to
the United States, who sailed for New
York Oct. 25 from Bremen on the
North German Lloyd steamer Kaiser
Wilhelm II., will on his arrival at
Washington submit to President
Roosevelt the proposals of the Ger-
man government for a new trade
agreement between the United States
and Germany. The ambassador takes
with him full knowledge of the Ger-
man government's position and is pre-
pared to negotiate. The correspond-
ent here of the Associated Press asked
the foreign office if in view of the pub-
lic interest in the United States on
this subject the imperial chancellor
would not define Germany's attitude
with some precision. Prince von Buel-
ow said:

"An idea I suspect is abroad in Amer-
ica that the changes in the German
tariffs and the modifying agreements
with other European countries were in
some way directed against the United
States. This I am glad to say was
never a motive with the German gov-
ernment and the proposals that are
about to be made are designed to in-
crease the exchanges between the two
countries and not to contract them."

TWO BOYS DROWNED.

**Boat Probably Capsized When They
Shot at Ducks.**

St. Paul, Oct. 31.—Allen Fagley, son
of H. W. Fagley, and Louis Philip Dod-
son, son of Frank Dodson, were
drowned in Lake Elmo while hunting
ducks Saturday evening. The drown-
ing was not known until this week and
the bodies have not yet been recover-
ed. No one saw the accident, al-
though a farmer near by had heard the
cries for help.

The boys went to the lake Saturday
morning. They had a horse and a
canvas-covered boat which they had
made. The boat was made light so
that it could be carried easily from
place to place. After spending the
greater part of the afternoon at Horse-
shoe lake, they were on their return
to Fagley cottage at Lake Elmo, and
evidently when approaching the lake
must have seen some ducks. They
hitched the horse to a tree at the road-
side and took the boat from the wa-
gon to Lake Elmo. They crossed the
lower end of the lake. A farmer heard
three shots and then a cry for help,
but paid no attention to it, and it was
not until the boys were missed at
home that search was made and the
tragedy revealed. The light boat prob-
ably capsized when the boys shot at
the ducks.

THIRTEEN ARE KILLED

**FAST PASSENGER TRAIN MEETS
WITH AN ACCIDENT NEAR
KANSAS CITY, MO.**

THIRTY PERSONS ARE HURT

**TRAIN STRIKES A LOOSE RAIL
WHILE ROUNDING A CURVE
AT HIGH SPEED.**

Kansas City, Mo., Oct. 31.—Thirteen
persons were killed and thirty injured
in the wreck during the day of the
Atchison, Topeka and Santa Fe pas-
senger train No. 1, known as the Califor-
nia Express, which, while running at

the rate of thirty-five miles an hour,
struck a loose rail, ditching five cars
one mile east of Blue River, which is
the eastern limits of this city. The
train, which left Chicago at 10 o'clock
p. m. and was due here at 10:30 a. m.,
is a through train running between
Chicago and San Francisco. It was
running at a higher speed than usual,
being ten or fifteen minutes behind its
schedule. The wreck occurred at
what railroad men call the "Rock
Creek cut," on a curve, where jagged
rock walls on each side of the track
form a bluff almost 100 feet high. The
engine was going so rapidly that it
passed the loose rail in safety. The
mail car, immediately behind, jumped
the track and struck the side of the
bluff to the right and the four cars fol-
lowing plowed through it and shot
against the high stone wall at the left.
The sides of the coaches were torn off
by scraping against the rough stone
surface, and passengers and trainmen
ground against the wall were either
killed outright or badly hurt.

The cars which left the track were a
mail car, a baggage and express car,
the smoking car, a chair car and a
tourist sleeping car. Three tourist
sleepers, two standard Pullmans and
the dining car remained on the track.
The smoking car split the baggage car
ahead of it just below the floor line,
and the baggage car, when it stopped,
was on top of what was left of the
smoking car. The other derailed cars
were jammed against the rocks of the
bluff, except the splintered fragments
of the smoker.

Passengers Escaped Injury.

None of the passengers in the cars
that remained on the track was hurt.
Relief trains with physicians and
surgeons left this city for the scene of
the wreck as soon as possible. Pending
the arrival of the relief trains, the
able-bodied passengers and trainmen
did all they could to care for the dead
and alleviate the distress of the in-
jured. In many instances it was neces-

sary to dig under the debris to extri-
cate the unfortunate victims. One
man in the smoker had been pinioned
against a hot stove with one foot in the
stove, suffering untold agony as his
foot was slowly burned by live coals.
This was one of many agonizing
scenes witnessed by the rescuers. The
injured were given emergency treat-
ment at the scene of the wreck and
later brought to hospitals in this city,
where it is reported that all will re-
cover. The dead were taken in charge
by the county coroner and brought to
local morgues. The dead are:

Roy Stafford, Cleveland; Lee D.
Montgomery, Linneus, Mo.; James
Seymour, Richmond, Mo.; John Mc-
Gregor, Fort Madison, Ia.; Michael
Schneider, Chicago; J. F. Capps, Chi-
cago; Carl E. Toren, Brooklyn; Ro-
manisio Pecci and Pomerio Rocco, im-
migrants from Naples; Luther Rich-
ardson, Chicago; William Harrison,
Chicago; Adrian Peattent, immigrant
from Northing, Switzerland.

J. B. Whittemore of Carrollton, Mo.,
who was severely scalded, died at a
hospital here at night.

SIX PERSONS KILLED.

**Two Freight Trains Collide Head-On at
Casey, Ia.**

Des Moines, Ia., Oct. 31.—Six per-
sons were killed in a head-on collision
during the evening between two
freight trains on the Chicago, Rock Is-
land and Pacific railroad at Casey, Ia.
The dead are:

Fireman Ed Nelson, Engineer Bert
Shields, Fireman William Marshall,
Brakeman Frank Johns, all of Valley
Junction, Ia., and Rev. P. W. Caldwell,
Van Meter, Ia., and an unknown man.

Conductor Reynolds, Conductor Kas-
key and Engineer Lumsden were in-
jured.

Both trains were badly wrecked and
engines piled up into heaps of scrap-
iron.

The wreck was caused by a misun-
derstanding of orders by the crew of
the westbound train.

TWO LIVES LOST IN WRECK.

**Freight Train Runs Into Passenger
Train in Canada.**

Winnipeg, Man., Oct. 31.—A railway
accident resulting in the loss of two
lives occurred on the main line of the
Canadian Pacific railway at Dinerwic,
a station between here and Port
Williams. A special immigration train
had stopped for water at Dinerwic,
when an arriving freight train from the
East dashed into the rear of the pas-
senger train, instantly killing two wo-
men, injuring five other passengers
and setting the passenger coaches on
fire. Three coaches were burned to
ashes before the flames could be ex-
tinguished.

ATTACK ADMIRAL TRAIN.

**American Naval Commander is Rough-
ly Handled by Mob of Chinamen.**

London, Oct. 31.—A dispatch to the
Evening Standard from Shanghai says
that Rear Admiral Train, commander-
in-chief of the American Asiatic squad-
ron, and his son, Lieutenant Train,
have been victims of a savage attack
by Chinese outside of Nanking. The
American officers were pleasant shoot-
ing when the admiral accidentally shot
a Chinese woman, slightly injuring
her. Hundreds of villagers thereupon
surrounded the officers, took away
their guns, knocked the admiral down
in the mud and held Lieutenant Train
as a hostage. Forty American marines
landed as a rescue party were attacked
by a mob of Chinamen, who tried to
pitchfork the officers. The marines
were obliged to fire twice. The Chinese
officials refused to restore the offi-
cers' guns and supported the vil-
lagers.

Nanking has been active in the
movement for boycotting American
goods and is the center of activity on
the part of Japanese students.

REFERRED TO THE GOVERNOR.

**Americans Demand Punishment of
Mob Leaders.**

Shanghai, Oct. 31.—The outrage of
Rear Admiral Train and his son, Lieut-
enant Train, has been referred to the
governor of Nanking.

Americans are demanding the pun-
ishment of the leaders of the mob and
the restoration of the guns taken from
the officers.

WOUND RESULTS FATALITY.

**Oliver Wendell Holmes, Jr., Dies at
Chicago.**

Chicago, Oct. 31.—Oliver Wendell
Holmes, Jr., who was accidentally shot
Saturday night at Channel Lake, Wis.,
died here during the day at the Pres-
byterian hospital. Holmes' death is
the tragic ending of a house party of
students from the Lewis Institute at
the home of Chris Wolff, secretary of
the Wolff Manufacturing company.
Holmes and fifteen other students went
to Channel Lake Saturday to attend a
week end house party at Mr. Wolff's
summer cottage. During the evening
a son of Mr. Wolff picked up an old
army revolver that had been lying for
a number of years on a mantel and
waved it toward the other boys. The
weapon was broken and was thought
to be unloaded. While the pistol was
pointed at Holmes, Wolff pulled the
trigger, discharging the weapon. The
bullet hit Holmes in the abdomen.
Holmes was brought to Chicago on a
special train, but after undergoing an
operation he died without regaining
consciousness. Holmes was sixteen
years old.

It is surprising how the insurance company officers dislike to talk insurance—at the investigation.

The cold snap can't possibly effect the temperature at Bemidji, judging from the sizzling heat engendered at that burg by the municipal campaign.

The recommendation of the interior department that the office of register of land offices be abolished and the work done by the receiver, if carried out, will be a body blow to quite a few newspaper men who have held this fat office.

MINNESOTA'S growth in the past five years, it has developed from the census returns, is due almost entirely to the natural increase, and from the in coming of people of other states, as the foreigners are not any more numerous now than in 1900.

COUNT WITTE having brought about peace between Russia and Japan, is about to take the immeasurably greater task of bringing about peaceful conditions in the Russian empire. And if the Czar has conceded the conditions on which the great statesman agreed to undertake the job, viz. Free speech, the liberty of the press and the right of trial, it means a great advancement for the people of that country, and may prevent the bloody revolution that seemed imminent.

"WHERE a woman having an unperfected homestead entry marries a man having a similar entry, and thereupon abandons her claim and resides with her husband upon his claim until he offers final proof thereon, and they then establish a residence on her claim, long prior to the initiation of a contest against the same, she thereby cures her default in the matter of residence and

is entitled to perfect her entry." The foregoing is a ruling by the interior department that changes the practice of many years standing.

A QUAIN T WARDROBE.

The Outfit of a Seventeenth Century Gentleman of Fashion.

In the year 1561 Sir Ralph Verney, aged thirty-seven and recently widowed, decided to make the "grand tour" of the continent with his son Edmund, aged fourteen. He gave a list of the clothes that were to be sent after them to Lyons. It included "6 Fine night caps Laced marked V in black silke, and 2 Fine night caps plaine," for his own use, and "4 new plaine caps marked V in Blew silke" for the boy. There were also numerous elaborate shirts with lace and "New Cambrick double Ruffe Cuffs marked V in blew thread, 5 paires of little Holland Cuffs for Mun, 3 paires of Cambrick double Boot-hose," and a large number of "fine Holland Handkerchers Buttoned." Also "2 Tufted Holland Wastecoates Lined, 2 Dimothy Wastecoates, 4 Face Napkins and 2 old Handkerchers and 2 paires of old Linnen Stockings." At Lyons a "Blacke trunk with 3 lockes and Wooden Barres" was packed to go to Florence and the widowed baronet's careful inventory of its contents shows that there was a great deal of the heavy mourning which the "etiquette of grief" required. "Black Cloath Doublets, Black Breeches and Cloake, Blacke Cloath Cape for a Cloake and 2 other peeces of Black Cloath, Black Hats and Hatbands, Old Blacke Taffaty garters and new Black ribbon roses and severall peeces of extra crape."

Sir Ralph Verney's baggage contained no fewer than "6 serge under-capps and 6 Browne callico under-capps." These were for wearing by day when the wig was taken off. And "3 plaine new night caps coarse and 30 Fine Peaked night caps and 2 Night Periwigs." His toilet equipment included "12 Tortus shell Agendas, 2 gold Picktooths, Hair Powder, 2 Paires new Barbling Larmes, Sizars, and 3 Head-rubbers." And there were "Muske for Powder, Ciprus Powder, and a Puffe." For emergencies there were a "Black Leather needle case with a great gold Bodkin, Papers of Pinns, Blew Thread, Shirt Buttons, and old White Round Buttons, Cap-strings and Tape." In the interests of health "3 papers about Phisick" and "Sir R. Hastings' plaster for a straine" were taken, but "rose water, rose viniger and elder viniger" were perforce left behind, though considered most necessary for his comfort for the winter.

Of precious possessions subjected to the risks of travel there were a few rings "whereof one hath 3 Diamonds like harts," two silver rings of the boy's and "a Bundle" of Mary's hair. He took to Florence as a gift to a friend there the new Paris luxury "the Teeth Brushes and Boxes," and in reply to the thanks he received for them said, "These are such inconsiderable Toyes that I must intreate you to speake no more of them."—Chicago News.

Better Than the Toothpick.

We are told that the health and prosperity of the teeth are greatly promoted by the prompt use of the toothpick immediately after eating and that this being so only a "Miss Prim" or an "Aunt Betty" would presume to object to it. We reply that if this is so the person afflicted should at once repair to the dressing room and, away from the observation of others, should relieve his teeth of their fatal burden. It is advisable, however, that he should employ for the purpose the highly hygienic dental floss. This is pronounced by all good dentists far less harmful to the teeth than the ubiquitous toothpick, which has, as we firmly believe, pushed its way into pretty good society by false pretenses and a species of blackmail.—Leslie's Weekly.

Trifles.

We are often reminded of what Mrs. Chillingly said when asked who managed her household. Her reply was, "My husband has agreed that I may decide upon all the small questions if I will let him decide the large ones." As small ones arose many times each day and large ones only at intervals of months, it ended in her "ruling the roost."

It Looked Easy to Him.

Little Nathan had been taken to his father's office, where, it appears, he was considerably impressed. Afterward at home he made known his intentions concerning the future.

"When I get to be a man," he said, "I'm going to make lots of money, like papa does."

His parents gave him to understand that they approved of his ambition, after which Nathan indulged for some time in serious thought. At last he turned to his father, asking:

"Papa, is sitting in a chair that turns around all you have to do to make money?"—Chicago Record-Herald.

TRUSTEES DECIDE
TO CALL YOUNG MAN
Rev. A. E. Allin Will Be Given
Month's Trial at The First
Congregational Church

MAN HIGHLY RECOMMENDED
For the Position of Pastor of This
Church—Will Hold First
Service on Sunday

There was a meeting of the trustees and deacons of the First Congregational church in the Y. M. C. A. parlors last night at which time the matter of calling a pastor to this church was considered. The gentlemen present decided upon immediate action and the meeting is reported to have been very enthusiastic.

Plans were made to provide for means to clear up what indebtedness there is outstanding and the church will open next Sunday morning with a clear sheet.

It was decided to extend a call to Rev. A. E. Allin, of Marshall, Minn., for one month on trial. The reverend gentleman is highly recommended as a speaker and pastor and it is believed that at the end of the month's trial that the members of the church and pastor will be able to make terms for an extended period.

The trustees are very anxious to get just the proper person for pastor of this church and have been very careful regarding selections. Several have been here supplying the pulpit, but none have quite filled the bill.

WINNIPEG THEATRE SOLD

Detroit, Michigan Concern Buys Property
Subject to the Lease of Mr.
C. P. Walker.

Negotiations which have been in progress for some time for the purchase of the Winnipeg theatre by American capital were concluded Monday when the Confederation Life Co. sold it to Messrs. Drew and Campbell, of Detroit, for the sum of \$50,000. It was known on Saturday that the sale was pending, as representatives of the purchasers, through their solicitor, paid a deposit of \$10,000 on the property then.

The sale has been made subject to the lease held by Mr. C. P. Walker, the present manager, which expires on Sept. 1, 1906. Mr. Walker will operate it until that time, but expects that the magnificent new theatre he proposes erecting on Ellice avenue will be ready for occupation at the opening of next season.

The Winnipeg theatre is situated on the northwest corner of Notre Dame and Adelaide with a frontage of nearly 100 feet on Notre Dame. It has a seating capacity of 960.—Winnipeg Free Press.

A PECULIAR ACCIDENT

The Following Dispatch has been Sent
Out from Walker
Minn.

A four months old Indian baby was drowned in Leech lake last night. The child slipped from the back of the mother who was in a row boat, on her way to the agency, and although diligent search has been made, the body has not been recovered yet. The woman was intoxicated at the time and never missed the child for several moments after it began to be dislodged from her back. This was the only death or accident as a result of the spending of the regular annuity checks which the Indians received a few days ago. A greater part of the money went for liquor.

SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomei Four Times a
Day and Be Cured.

If a few years ago someone had said you can cure catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed, and it remained for that eminent investigator, R. T. Booth, to discover in Hyomei this method of cure.

Hyomei has performed almost miraculous cures of catarrh, and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs \$1.00, and consists of an inhaler, a medicine dropper, and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day, and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation and effects a complete and lasting cure.

In Brainerd there are scores of well known people who have been cured of catarrh by Hyomei. If it does not cure you, H. P. Dunn & Co. will return the money you pay for Hyomei. This is the strongest evidence that can be offered as to their faith in the remedy.

MUSIC AND DRAMA.

MR. DANIEL SULLY IN "OUR PASTOR"

Tonight the new play, "Our Pastor," written by Jerrald Shepard, will be seen at the Brainerd opera house. Daniel Sully returns to the character of a priest, in the portrayal of which he was so successful in the past. "Our Pastor" is essentially a play of American life. The scenes are laid in a small mining town in Idaho and the characters are types of the vigorous humanity found in that region.

Aside from the strong dramatic features the play has a vein of comedy that is both bright and original. Many amusing complications arise from Father Daly's efforts to adjust the love affairs of a pompous army colonel and a fascinating widow from the East. In his eagerness to make everyone happy the good priest falls into a blunder which in itself is a comedy plot that is laughable in the extreme. As Father Daly, the kindly old priest, Mr. Sully has a character that gives him one of the best opportunities of his career, a character of rare sweetness, dramatic strength and happy humor, combined with touched of exquisite pathos in which the fine art of this sterling actor is seen at its very best. Prices \$1, 75, 50 and 25c.

"THE TRIUMPH OF BETTY"

The theatre goes who is tired out with the conventional twentieth century melodrama, ennuied with the surfeit of musical comedy, and disgusted with the vulgarity of the modern problem plays, will turn with relief to the coming of Adelaide Thurston in her new American comedy, "The Triumph of Betty." Miss Thurston's success in securing first class material in the way of plays is unusual, which speaks rather flatteringly of good taste and judgment of herself. "The Triumph of Betty" appears to be far and away ahead of anything that Miss Thurston has so far appeared in even surpassing in delicate comedy and enthralling heart-interest her delightful "Lady Babbie" which will not soon be forgotten by those who witnessed it.

Miss Thurston is a great local favorite and her coming forebodes an evening of unusual social and artistic interest. This year she brings an unusually large company, and the production in a scenic way is an elaborate one. Her visit is scheduled for next Saturday evening at the Brainerd opera house.

"A GIRL FROM SWEDEN."

The following is what the Fargo Call has to say of the performance: "The Girl from Sweden," quite an innovation, thank you. Instead of the one man show two characters are offered—a Swede man and girl. The former falls in the hands of Knute Lea, who is very amusing and tips it off with a good specialty. Miss Madie DeLong, a bright little Miss, was very cute as the innocent girl herself and most every line brought laughter.

"The piece has just enough dramatic lines to give it proper tone, with an abundance of wholesome comedy well taken care of. Elizabeth Taylor as Marie was acceptable.

"The distinct hit of the show seems to fall to Master Georgie, a wee bit of a boy, who has been highly spoken of by the press, and it is doubtful if a more clever youngster has been seen on our

Adelaide Thurston in "The Triumph of Betty"

local stage. Several good specialties go to make up a pleasant evening's entertainment."

WALTER SCOTT BADLY HURT.

Death Valley Miner May Die From His Injuries.

Los Angeles, Cal., Oct. 31.—Walter Scott, the Death Valley miner, who a few weeks ago attracted wide notice by a record run in a special train over the Santa Fe railroad from Los Angeles to Chicago, was seriously if not fatally injured in an automobile accident here. J. Davidson, a newspaper reporter, and Harry Milling, proprietor of the Imperial cafe, were also injured in the accident. The three men were in an automobile which was being driven to Pasadena and return from this city on a wager that the trip could be made in forty minutes. On the return journey the tire from one of the rear wheels came off, the wheel was smashed and the automobile swerved and upset. Scott and Davidson were thrown against the stone abutment of a bridge.

The qualities usually attributed to ten-cent cigars have been developed in the "Anna Held" cigar through the intelligent application of scientific principles to the culture of the tobacco leaf before it reaches the cigar factory.

At a cost of over a million dollars the American Cigar Company has constructed immense "stemmeries" where the leaf is put through different processes of curing, ripening, fermenting and blending.

ANNA HELD CIGAR—5c.

This treatment—exclusive with the American Cigar Company—removes the last suspicion of harshness, thoroughly matures the leaf, and combines in a rich, mellow, uniform flavor the natural fragrance of the choicest tobaccos.

The "Anna Held" is a striking example of what has been accomplished by these new methods. It costs you a nickel—instead of a dime.

NATHAN IS INNOCENT

OPINION PREVAILS THAT HE DID NOT KILL HIS SWEETHEART AT BOSTON.

HELD ON MURDER CHARGE

POLICE BELIEVE HE IS RESPONSIBLE FOR THE GIRL TAKING TREATMENT.

Pittsburg, Oct. 31.—It is the firm conviction of everyone who is in touch with the case that while a charge of murder has been lodged against Morris Nathan, secretary to the manager of the Shepherd King company, in connection with the Winthrop suit case mystery, he is not the principal in the affair and is held because it is believed he can throw more light on the crime than anyone else. That the police have a complete story from Nathan, telling all he knows and suspects is not denied, but aside from a few statements that have leaked out concerning the examination the authorities refuse to disclose the information obtained until after the arrival of the Boston officers. It is said Nathan is willing to return to Boston. It is known that Nathan admitted to Superintendent of Detectives Thomas A. McQuaid and Superintendent of Police Wallace that he was intimate with Miss Geary and in his statement he implicates a woman who he says conducted a maternity home in Tremont street, Boston. The Boston authorities were immediately notified by McQuaid and they started out in search of the woman. When they have arrested the woman who conducted the place where Miss Geary went for treatment the police believe the mystery will be cleared and the people to blame for the murder of the girl brought to trial.

Nathan stated to the police officials that he was not aware of the girl's condition. He declared that they were to have been married. He said he overheard a conversation between Miss Geary and two girls who were appearing at the Parks in Hartford, in which one of the girls advised Miss Geary to go to the Tremont street house for treatment. Nathan said he was not responsible for Miss Geary going to a hospital.

That the crime was done by a woman is the belief of the police officials. The authorities appear to believe that Nathan was unaware of the murder of the girl and that he had no part in that crime, but they seem to think that he is responsible for her desiring treatment. Nathan is on the verge of collapse.

Nathan's story of having last seen the murdered girl at the subway station at Boylston and Tremont streets, Boston, on the night of Sept. 9, is borne out by several members of the show company.

ENTERS UPON ITS LAST STAGE.

Police Believe Suit Case Mystery Is Nearly Solved.

Boston, Oct. 31.—With the state and city police making every effort to locate the person who is believed to have caused the death of Susan Geary of Cambridge, the victim of the dress suit case tragedy, it is believed that the case has entered upon its last stage and that an arrest will be made soon.

Morris Nathan, lover of the dead girl, who is under arrest at Pittsburg on the charge of murder, has furnished valuable information regarding the case and the police have now tangible facts upon which to pursue their investigation. The Boston police are in possession of the name of the physician who performed the operation that caused the death of Miss Geary and it is believed that this physician will soon be located by the officers.

Acting upon information elicited from Morris Nathan, the Boston detectives searched the Tremont street office of a woman physician, who has advertised extensively in the newspapers. The proprietress of the establishment was not present and one of her assistants whom the police are particularly desirous of locating was also absent. The records were carefully scrutinized by the officers but it is understood that nothing of an incriminating nature was found.

North Dakota Farmer Killed.

Grand Forks, N. D., Oct. 31.—Frank Laravere, a half-breed farmer living near Walhalla, died at 10 a. m. at Walhalla, from injuries inflicted in a row Saturday night. Laravere never regained consciousness, and witnesses of the affray are very reticent about giving any of the particulars. The blow that killed Laravere, it is said, was inflicted by Robert Laidlaw, who, with his brother-in-law, George Laidlaw, are under arrest charged with the killing.

Heavy Loss by Fire.

New York, Oct. 31.—The rifle range and two pavilions at Schutzen park, Union Hill, N. J., were destroyed by fire during the day, involving a loss of \$100,000. The park was the property of the Plattdeutsch Volksverein of this city.

Mining Property Destroyed.

ENTIRE TOWN THREATENED.

Fire at Pine Grove, W. Va., May Destroy All Buildings There.

Parkersburg, W. Va., Oct. 31.—Fire that started in the Pine Grove hotel at Pine Grove, in Wetzel county, on the Short Line railroad at 12:30 a. m. wiped out the greater part of the town, and the flames, which are still raging, threaten to complete their work by destroying every building still standing. The fire started from a natural gas explosion, quickly enveloping the hotel and spreading to nearby buildings. At 2 o'clock the following buildings had been destroyed: Pine Grove hotel, Commercial hotel, Pine Grove bank, Methodist Episcopal church, Morgan business blocks, seven stores, ten dwelling houses. Loss, \$150,000.

Pine Grove has a population of less than 1,000 and most of the buildings are close together.

MURRAY MUST GO TO PRISON.

Former Negro Congressman to Join the Chain Gang.

Augusta, Ga., Oct. 31.—George Washington Murray, a negro, once a member of congress from South Carolina, will have to spend the next three years cracking rocks and road building as a member of the chain gang of Sumpter county, although he is the largest land owner in that county. The supreme court during the day denied the appeal of his attorneys for a rehearing. His punishment is for forging the names of ignorant negroes to land leases.

HUGHES WILL NOT PROSECUTE.

Says He Has No Idea of Conducting Criminal Proceedings.

New York, Oct. 31.—Charles E. Hughes, counsel for the legislative insurance investigating committee, said during the day that he had no idea of conducting any criminal prosecution as a result of the insurance investigation. The statement was prompted by District Attorney Jerome's announcement that after the investigation he would ask for funds to employ Mr. Hughes to prosecute any insurance men found guilty of a crime.

Wage Question Adjusted.

Fall River, Mass., Oct. 31.—Amicable relations were established between the cotton manufacturers and the textile workers at a conference during the day between the mill owners and the operatives. A compromise agreement on the wage issue was arranged and in consequence of the understanding it is the general opinion that not only will a strike be averted, but that the wage question will be adjusted for at least a year.

The Louisville and Nashville railroad has announced the resumption of its full through train service into New Orleans.

The announcement from Indianapolis

that the supreme body of the Pythians had decided not to take next year's encampment from New Orleans, though changing the date to the third Tuesday in October, caused general gratification, as indicating confidence that the victory won by the federal and local authorities would be a permanent one and there need not be any fear of a further epidemic in New Orleans.
